

**Request for Engineering Time at the CHARA Array**  
*For the Period*  
**March 1 – July 31, 2024**

<b>P.I. Name/e-mail</b> -	<b>With Observing?</b> – yes no
<b>Co-P.I. Names</b> - Other names here.	
<b>Engineering Participants</b> - Names of observers here.	
<b>Engineering Abstract</b> - Text here.	

**Summary of Requested Engineering Run(s)**

Loc.	No. of Days/Nights	Requested Dates	CHARA Personnel Needed?	Morning, Afternoon, Night?	Alignment Support Needed?
Lab					
Scope					
On-Sky					

<b>Unacceptable Dates</b> (for non-engineering reasons) - Text here
<b>Associated Science Proposal</b> (if any) - Text here

**Reason for Engineering Request -**

**Detailed Engineering Specifications** Do you need day telescope time (when and how much)? Do you need lab access (with or without support, what time of day, how much), beam alignment by staff, or assistance from CHARA employees? How much time do you need for each activity? Can other science programs be run in parallel at night? -
