

Request for Engineering Time at the CHARA Array
For the Period
August 1 – December 22, 2024

P.I. Name/e-mail -	With Observing? – yes no
Co-P.I. Names - Other names here.	
Engineering Participants - Names of observers here.	
Engineering Abstract - Text here.	

Summary of Requested Engineering Run(s)

Loc.	No. of Days/Nights	Requested Dates	CHARA Personnel Needed?	Morning, Afternoon, Night?	Alignment Support Needed?
Lab					
Scope					
On-Sky					

Unacceptable Dates (for non-engineering reasons) - Text here
Associated Science Proposal (if any) - Text here

Reason for Engineering Request -

Detailed Engineering Specifications Do you need day telescope time (when and how much)? Do you need lab access (with or without support, what time of day, how much), beam alignment by staff, or assistance from CHARA employees? How much time do you need for each activity? Can other science programs be run in parallel at night? -
